

The Original Trash Pull™

The long driveway solution

Assembly Instructions:

Tools Needed:

- 1 – Electric Drill
- 1 – 1/4" Drill Bit
- 1 – 7/16" Open End Wrench
- 1 – 7/16" Socket Wrench

Parts Included:

- 1 each -- Detachable 36" Bar with Hitch
- 1 each -- Vertical Receiver Plate
- 1 each -- 3/8" Twister Bolt
- 1 each -- Backer Board
- 8 each -- 7/16" Bolts, Nuts & Washers

Mounting Backer Board and Vertical Receiver to Garbage Container:

A: To stabilize the area for the Vertical Receiver Plate, first mount the Backer Board inside the trash container. The Backer Board will easily mount on a flat or rounded surface. Utilize the outer four holes to secure Backer Board to container with enclosed 4 – 7/16" Bolts, Nuts and Washers. The 4 inner holes are to be in the lower position.

B: Drill 4 – 1/4" inner holes. Mount the Vertical Receiver Plate on the outside of the container with the Twister Bolt up. Attach with remaining 4 – 7/16" Bolts, Nuts and Washers.

To Operate Trash Pull:

The Detachable 36" Bar with Hitch inserts into Vertical Receiver Plate. Secure Bar with the Twister Bolt. Hitch unit to ATV, garden tractor, car or truck with 1 7/8" (2") ball.

When you have completed pulling container to location, loosen the Twister bolt and **REMOVE** Detachable 36" Bar with Hitch.

Do not leave Detachable 36" Bar with Hitch connected to containers as this will impair the ability for the refuse service company to pick up and dump container into garbage truck.

Do not use Trash Pull on public roads or at speeds greater than 15 MPH. Avoid extreme maneuvers and exercise caution when driving over large bumps and dips.

We appreciate your purchase. Thank you.

Trash Pull and DPK Consulting, Inc. is not responsible for any damage to equipment or injury that may be caused by the use of products sold by Trash Pull and DPK Consulting, Inc. The buyer assumes all responsibility and risk with the purchase of any product from Trash Pull and DPK Consulting, Inc.

Limited One Year Warranty

Trash Pull and DPK Consulting, Inc. makes every effort to assure that its products meet high quality and durability standards, and warrants to the original purchaser that the product is free from defects in materials and workmanship for a period of twelve months from date of purchase. This warranty does not apply to damage due directly or indirectly to misuse, abuse, negligence or accidents; repairs or alterations outside of our facilities; or lack of maintenance. We shall in no event be liable for death, from the use of this product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so above limitation of exclusion may not apply to you.

To take advantage of this warranty, the product or part must be returned to us with transportation charges prepaid. Proof of purchase date and an explanation of complaint must accompany the merchandise. If our inspection verifies the defect, we will either repair or replace the product at our election or we may elect refund the purchase price if we cannot readily or quickly provide you with a replacement. We will return prepaid products at our expense, but if we determine there is not defect, or that the defect resulted from causes not within the scope of our warranty, then you must bear the cost of returning the product.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
